

## The Sitka History Museum

# Donor Recognition Levels

Thank you for your interest in donating to The Sitka History Museum Capital Campaign. All of those, present and past, who have contributed time and money to commemorate Sitka's history await the completion of this cultural treasure, which may be as early as October 2016.

Because the Sitka Historical Society values the importance of your support, all benefactors who donate more than \$500 will be recognized during the Sitka History Museum's formal grand opening in 2017. In addition, your name will be publicly displayed in the completed Museum space at the donor levels noted below and noted on our website.

Thank you, once again, for insuring that Sitka's history and its people's stories are preserved. With your gift, you will earn long lasting public recognition and gratitude for your generosity and community spirit.

***The Sitka History Museum Donor Recognition Program includes opportunities at the following levels:***
